7. PLEASE SIGN Below/***

As a DRIVER, I make this request for a Vintage Racing License with full knowledge that motor racing is dangerous, and that I will be required to sign a "release form" annually or at each event. I further acknowledge that vintage racing may involve danger not present in contemporary racing including, but not limited to, lack of contemporary safety equipment in my own or in competitors' cars such as roll cages, fuel cells, fire systems, and race grouping which may include different types of cars in the same group creating potential problems of visibility and disparate speed potentials. This section must be signed for Vintage Racing License to be granted.
